ABOUT CONFERENCE

Department of Computer Engineering is organizing a “National Conference on Emerging trends in Engineering, Management and Technology”. NCETEMT intends to focus on the recent trends and research done by academia (preferably engineering students and Research Scholars) and industry associated with Computer Engineering, Mechanical Engineering, Civil Engineering, Electrical Engineering & Electronics Engineering and Management. Due to Pandemic situation and the changing protocols, the conference will be held in the online Mode. Major features of the conference comprehend customary paper presentations and keynote address by well-known speakers focusing on related modern technologies in the areas of the conference. The few accepted & peer reviewed papers will be published in **UGC approved Journal**.

ABOUT THE COLLEGE

Welcome to our Gokhale Education Society's R.H.Sapat college of Engineering, Management Studies and Research Nasik.

"A college with a difference."

Our college is committed to impart quality technical education with ingrained ethical values. We are committed to instill inquisitiveness amongst all students who can acquire the necessary technical knowledge and skills. By encouraging learning through enquiry, logic and developing a fearless attitude towards the fulfillment of curiosity, true know how & skill-sets can be acquired. The vision of the institute is, "To produce world-class engineers for converting global challenges into opportunities through value embedded quality technical education." To achieve this, we have to develop this institute as a Centre of Academic excellence of higher learning in the fields of engineering and technology. All the efforts are focused towards the fulfillment of vision and mission.

ABOUT THE DEPARTMENT

The Department of Computer Engineering at the R H Sapat College of Engineering, Management Studies & Research, has started in the year 2009 with the intake of 60 in Under Graduate and in the A.Y. 2013-14 AICTE has sanctioned the Post Graduate course in Computer Engineering with the intake of 24. In the subsequent year i.e. A.Y. 2014-15, the intake of Under Graduate has been increased to 120 from 60.

The Department has well-equipped laboratories with high-end computing facilities which cater the need of today's computing era. The Department has a blend of young, dynamic and experienced faculty members who constantly puts the effort to adapt to the technological changes by enhancing their skills.
